Subject: Re: DAC-IPAD December 5-6, 2023 Public Meeting

Dear Committee,

My son was wrongly accused and imprisoned because the court would not allow key witnesses to be subpoenaed nor allowed to testify on zoom to contradict the accusation the of accuser. There was no police report, no complaint to family, and no evidence that she had ever been assaulted. However, there were nine witnesses that testified against her that she had attacked him, and he only walked away or restrained her. I would also like to address the unjust and unfair UCMJ court procedures, within our military's court rooms. Our countries best are being imprisoned and treated worse than criminals on the civilian side of our population when they are wrongfully accused and tried. It is also at their mental expense for the practice of lawyers within a separation hearing if they are found not guilty. All we have to do is look into our leadership and the miss guided policies and regulations when we wonder why the suicide rate is so high in the military. Yes there are soldiers that have committed illegal acts within or out of the military but when a man or woman is accused of wrong, and proof of their innocents is not allowed in the court room just to fit the narrative or protect the name of a leader or the Army(Military) then this is an atrocity committed by our own leaders, Military and Gov on its best civilians. WHY?? So as a free nation Gov we can justify the building of billion-dollar buildings, fill the cells just to justify the expenditure on the poor peoples (Soldiers) expense? Our best is not expendable!!

Travis and Christie Clark

Dear Travis and Christie Clark,

This email is a reminder for you to submit your written summary of comments. They should be provided at least five (5) business days prior to December 5th. Because the DAC-IPAD is a FACA, all written comments will be treated as public documents and made available for public inspection. For this reason, do not include any personal identifying information in your comments.

The finalized agenda and meeting materials will be posted at the DAC-IPAD website located here: <https://dacipad.whs.mil/>

Thank you,
